

**Cm**

These things may seem petty on a global scale

**Cm(maj7)**

Just look at what Pakistan's been going through

**Cm7**

But my roof started leaking in the other days hail

**(A,Eb,G)/F**

So I've suffered structural damage too

**Ab**

And let's be realistic

%

I'm not trying to be a wanker

**Eb**

But it only took us a month

**Edim**

And we'd forgotten about Sri Lanka

**Fm**

If there's one thing we can count on

**F/A**

It's our comforting amnesia

**Bb**

We suddenly remember football

**G/B**

And forget about Indonesia

**Cm**

Cos the tsunami of immediacy

**C#m**

Will wash away the flood of grief

**A**

And reveal a layer of naive

**B**

Optimism underneath

**E**

So let's move on

**B**

**C#m**

You can't lament these fickle days

**G#m**

**A**

Just close your eyes and drink champagne

**E**

**F#m**

And toss this washed-up year away

**B – G#m**

**A**

**B**

A year is like a guinea pig

**C#m**

**G#m**

It's cuter when it's gone

**C#m**

**G#m**

It's just another year flown

**A**

**B**

It's just another year blown

**A**

And there'll always be another

**B**

But not for my grandmother

**A**

For her there won't be any more

**G#m**

**C#m → B**

For 05 was the last year for my nanna

**E** **G#m/D#**

What was 05 for?

**C#m** **E/B**

It's time we all just moved along?

**A** **E/G#**

So my paternal granny's gone

**F#m** **B**

I've still got another one

**E** **B**

What was 05 for?

**C#m** **G#m**

Was it just another year blown?

**C#m** **G#m**

Is it just me or has this year flown?

**Dm** **Am**

You turn your back and the damn things gone

**Bb** **C**

Time flies when you're having fun

**F**

So let's move on

**C** **Dm**

You can't lament these fickle days

**Am** **Bb**

Just close your eyes and drink champagne

**F** **Gm**

And toss this washed-up year away

**C**

**Am**

**Bb** **C**

A year is like an elephant

**Dm** **Am**

You're not allowed to take it home

**Dm** **Am**

It's just another year flown

**Dm** **Am**

It's just another year blown

**Dm** **Am**

Should all of us be going home?

**Dm** **C**

Is it time that I got going?

**F** **C**

Should auld acquaintance be forgot

**F** **Bb**

And never brought to yore?

**F** **C**

Should auld acquaintance be forgot

**Bb** **F**

Do we know what these words mean anymore?

**F** **C**

For auld lang syne my dear

**F** **Bb**

For auld lang syne

**F** **C**

Should auld acquaintance be forgot
